

Parks Minutes 9/11/14. David Lincoln not present

Update on fixing the pier – Page and Denise have communicated with Norm separately. Expecting things to be done soon. Will not be open for public use until completed. Decking going as planned, railings need additional effort

Update on Invasives at FF – David Tibbets has provided a map of invasives at FF. David and Kelly Boland have granted permission to treat invasives in these areas. David and Kelly Boland confirm the NE Cottontail is thriving. Care will be needed to treat invasives and keep cover intact.

Kittery Shore land Zone – needs to be amended if anything is to be done to control invasives. Page believes we have a responsibility to control invasives in this area also. Consult David Tibbets

Plants to treat with herbicide – Mike Morrison has been hired for treatment and is working on providing a chronological plan for maintenance. Vote unanimous with recommendation to post signs near bathrooms and gatehouse to notify parents of poison ivy is in brush when venturing off the paths

Update on new speed bump and road painting at the gate-house – painting to be done next year. Speed bump is working well

KLT kiosk application was rejected and appeal was filed

Review Seapoint management plan over the winter

Replace memorial sign for Mr. Foster – needs to be added to budget for next year?

Cover graffiti at Seapoint and FF to be done next year.

Update FF brochure next season with PC review before printing.

Rich and Page will have discussion with Norm and Nancy to understand who is responsible to follow up on tasks and make sure they are completed
